

UD's Student Code of Conduct and Clearance Policy for Teacher Education Candidates

Effective November 6, 2013, any candidate in violation of UD's Student Code of Conduct may be denied the opportunity to engage in a field experience, suspended from a field experience, and/or removed from his or her professional education program.

Effective November 6, 2013, all candidates are required to complete the fingerprint version of the federal and state background check. This background check is valid for one year. The Office of Clinical Studies (OCS) MUST have a valid Criminal Background Check on file for each candidate who is registered for a course with a field placement by the first day of classes. (It may take up to six weeks for OCS to receive the CBC results.) Failure to have a valid CBC on file in the Office of Clinical Studies by the first day of classes will mean that such candidates will be required to drop all courses with field placements for that semester.
