

Policy Acknowledgement For School Psychology

The University Council on Teacher Education (UCTE) is the body at the University of Delaware that creates policies for all educator preparation programs. One of the policies is that undergraduate students in teacher preparation programs (teacher candidates) must acknowledge that they have read and understand the Professionalism Policy (dispositions) for Professional Education Candidates. All of the UCTE policies can be found online at the [UCTE policy web page](#).

Please read the following UCTE policies listed below. The [UCTE policy web page](#) describes these policies and other policies in more detail. Candidates can contact the Delaware Center for Teacher Education at (302) 831-3000 or dcte-cert@udel.edu if they have any questions about the UCTE policies.

- [Professional Dispositions of Effective Educators – Candidate Form](#)
- Candidates in violation of UD's Student Code of Conduct may be removed from their field placement and/or prohibited from future field placements. The candidates' violations(s) may be reviewed by the [UCTE Professional Education Conduct Board](#), depending on the sanction.
- Candidates are required to complete the fingerprint version of the federal and state of Delaware [criminal background check \(CBC\)](#). The CBC is valid for one year. The Office of Clinical Studies (OCS) must have a valid CBC on file for each candidate who is registered for a course with a field placement by the first day of the semester. Failure to have a valid CBC on file in OCS by the first day of the semester will mean that such candidates will be required to drop all courses with field placements for that semester. Please see the [OCS website](#) to determine for which semesters your CBC is valid.
- Candidates must pass the [Praxis Subject Assessment](#), formerly known as Praxis II, in their discipline required by the State of Delaware to receive the institutional recommendation for certification.
