

**Policy Acknowledgement
For Educational Leadership, Teacher Leadership, Literacy, Childhood Foreign
Language, & Non-Certification-Track Exceptional Children and Youth**

The University Council on Teacher Education (UCTE) is the body at the University of Delaware that creates policies for all educator preparation programs.

One policy is that professional education candidates, including candidates in the Educational Leadership, Teacher Leadership, and Childhood Foreign Language programs, must acknowledge that they have read and understand the [Professionalism Policy \(dispositions\) for Professional Education Candidates](#).

All of the UCTE policies can be found online at the [UCTE policy web page](#). The UCTE policy web page describes these policies and other policies in more detail. Candidates can contact the Delaware Center for Teacher Education at (302) 831-3000 or dcte-cert@udel.edu if they have any questions about the UCTE policies.

To sign the acknowledgement, please go to the link below:
